WASHINGTON, DC - 202-548-2680  
JACKSONVILLE, FL - 904-261-2444

### HOW THE POLL WAS CONDUCTED

**This poll was commissioned by First Liberty Institute. It was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from May 3 through May 4, 2021. A total of 625 registered Arizona voters were interviewed live by telephone statewide.**

**Those interviewed were randomly selected from a phone-matched Arizona voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect voter registration by county.**

**The margin for error, according to standards customarily used by statisticians, is no more than  $\pm 4$  percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.**

**QUESTION: The filibuster requires that 60 Senators must vote for a bill before it can come to the floor of the Senate for a final vote. It is designed as a check on the power of the U.S. House of Representatives, which can move legislation through very quickly with simple majority votes. The filibuster is designed to slow the process so that there is more debate and that final approval of a law has some level of bi-partisan support. Based on this information, do you support or oppose ending the filibuster in the Senate?**
